50 CONNECTING CYCLE AND FOOTPATHS (CROSS COUNTY BORDERS)

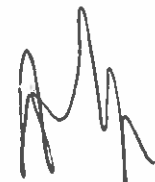

Verbal update from Cllr Wait acknowledged that Keynsham isn't well serviced for cyclists, it's good if you wish to travel to Bath but to get to Bristol, the only way is the A4 which is mainly the bus lane.

Discussed the plans for a transport hub to be built by Hicks Gate roundabout, this would include cycling storage and access.

Discussed the proposed "chocolate bridge" connecting Somerdale to the area by The Chequers Pub, Hanham.

There is a theoretical implementation of a bus stop and cycling facilities on Keynsham bypass. Cllr Wait explained that they have cleared a lot of vegetation to clear cycle paths around the area.

There is a plan to connect Willsbridge to Bitton via a cycle path.

Ruth Cole spoke about wishes to cycle through the Memorial Park in Keynsham to be able to access the station easier. Cllr Wait reminded her that there is a by-law preventing cyclists in the Park.

RC – Asked how they could propose a crossing by Waitrose to make it safer to cross the A4 to access the shop. Cllr Simmons and Wait explained that there is an underpass at the bottom of Unity Road which links up to the back of Waitrose to make this journey safer. The underpass does not currently permit cyclists and it would be a case of dismounting to travel through this stretch of the journey.

Cllr Wait reminded the Committee that the Council is very pro cycling and working with BANES on the no traffic neighborhoods like in Queen Charlton.
