Amilee reported on behalf of KeynshamNow as follows:

- At the first KeynshamNow meeting of the New Year the group had feedback on the previous meeting's debate which everyone thought was very positive.
- For the next debate, it is proposed that the format of the seating and questions will be changed.
- The next debate will be on should smartphones be banned for under 16s which is quite topical at the moment, especially on social media and in Australia.
- The group discussed their achievements from 2024 and their aims for the next year, both personal and in the community.
- The group will be planning some trips and discussions for the future.
- The group has agreed to take the 10th Anniversary film out and show this at local school assemblies to assist with recruiting new members.
- In respect of campaign developments, we have found out funds are available from Section 106 funding to improve Teviot Park including providing solar lighting from the basketball area.
- The group will be sending an invite to Dan Norris to attend one of their future meetings.
- The next meeting is on 5th February.

Cllr Wait commended Amilee for pursuing the funding for lights on Teviot Park because B&NES Council have offered the Council £74,000. The Clerk informed the Council that she was seeking the necessary application form and would be working with KeynshamNow Young People and local residents in respect of how they would like to see the Sec 106 funds from the Hygge development spent on the play area and Teviot Green Space. She also reported that she had been informed that the sum could be in the region of £147,000.
