| 2386 Keynsham Air Cadets                       | "We have recently relocated to our new Squadron building. As part of this transition, we are reviewing what equipment is needed to ensure cadets continue to enjoy a positive experience. Much of our camping gear used by cadets for DofE or Ten Tours training is outdated and worn out. Currently, we do not have any tents and must borrow them from neighboring units, and our backpacks are in poor condition. The cadets agree that updating these items should be a priority this year."                                                                                                                                                                                        | £ 605.96   |               |

| Genesis Trust                                  | The Bath, Keynsham & Somer Valley Foodbank supports more than 9,000 local people each year who are experiencing hunger or crisis. In Keynsham and nearby communities, we provide emergency food parcels alongside holistic, person-centred support that helps people move beyond immediate hardship. Our team offers practical advice, signposting to specialist services, and financial inclusion support to help stabilise finances and reduce the need for repeat Foodbank use. For families, we also provide seasonal help such as toy vouchers at Christmas, easing pressure during difficult times. Funding will strengthen this wrap-around support for people in greatest need. | £ 1,000.00 |               |

| Somerset Farmer's Market            | We are seeking support for our monthly Farmers Market on Market Walk. Our goal is to transform the town center into a vibrant, 'must-visit' destination once a month. By bringing together the very best local primary producers from within 40 miles, we offer Keynsham residents a unique shopping experience that can't be found in supermarkets. This grant will help us fund the vital marketing (leaflets, distribution of leaflets, boosting social media posts) and signage needed to draw shoppers into the heart of Keynsham as well as helping fund music or other entertainment for the market. Making the market desirable to shoppers means they not only support our farmers market but also stay to visit the surrounding high street cafes and shops, boosting the local economy for everyone! |            | £ 750.00   |
